## 1 Introduction

The goal of this mobile application is to gather, access and share information for the Visayas Health Project. The mobile application is designed to allow information to be saved into a local database allowing the field staff to access information even without Internet connection. The content and information collected is synchronized with a central cloud based server whenever Internet connection is available. These features will be of great help to the field staff, as they will not be burdened in looking for connectivity just to access and share information.

## 2 Installation and Login

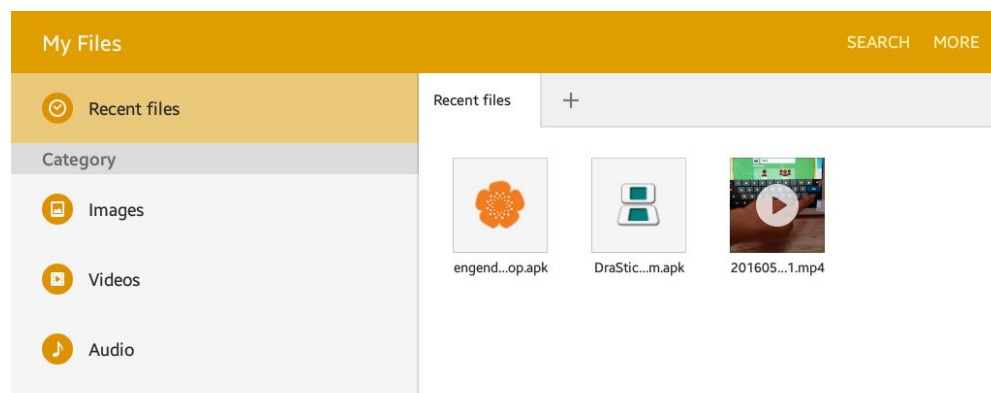

How to install ENGENDERHEALTH mobile application in your Samsung Galaxy Tab S2.

*“It is suitable to install the mobile application with a decent internet connection...”*

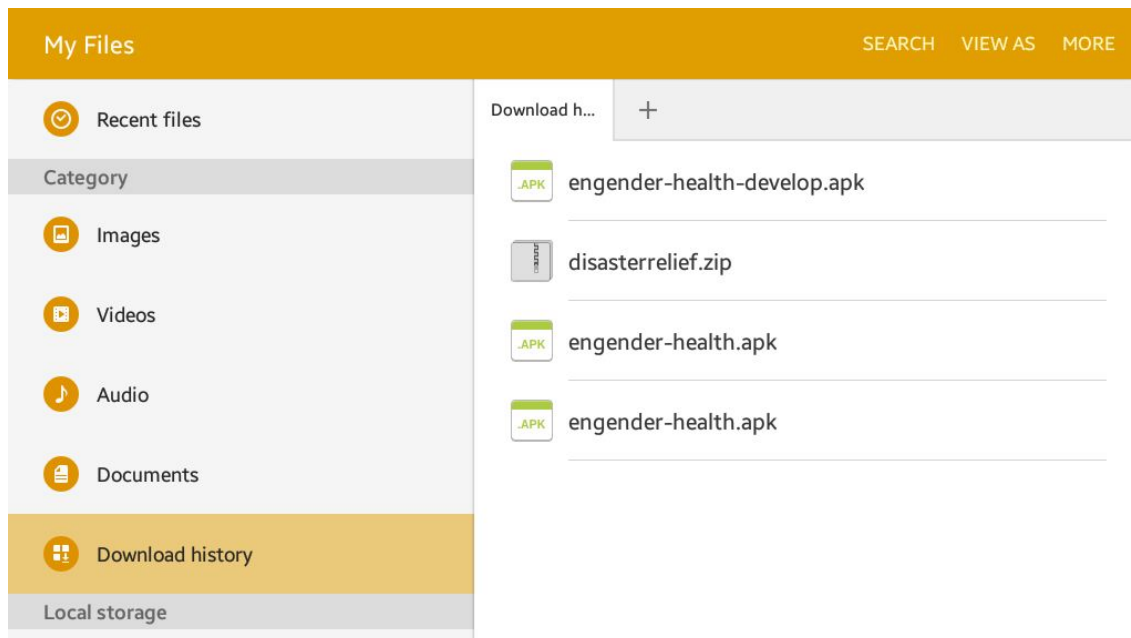

### A. New Installation

#### 1. Download the APK (engender-health.apk)

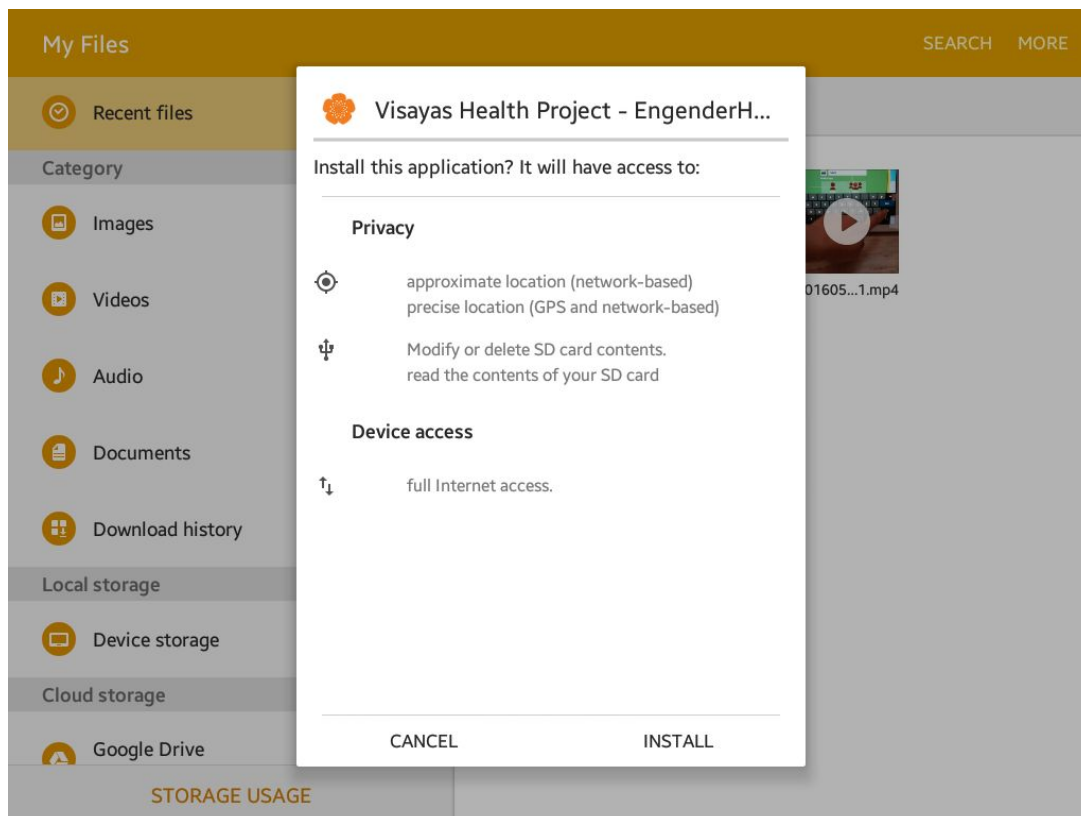

- Locate the downloaded APK.

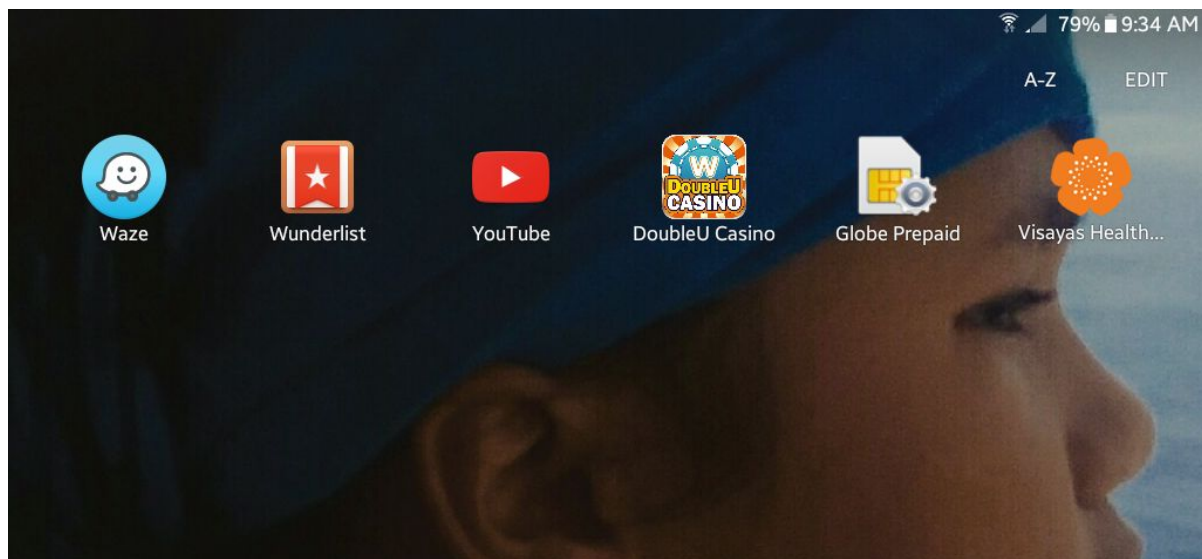

Or

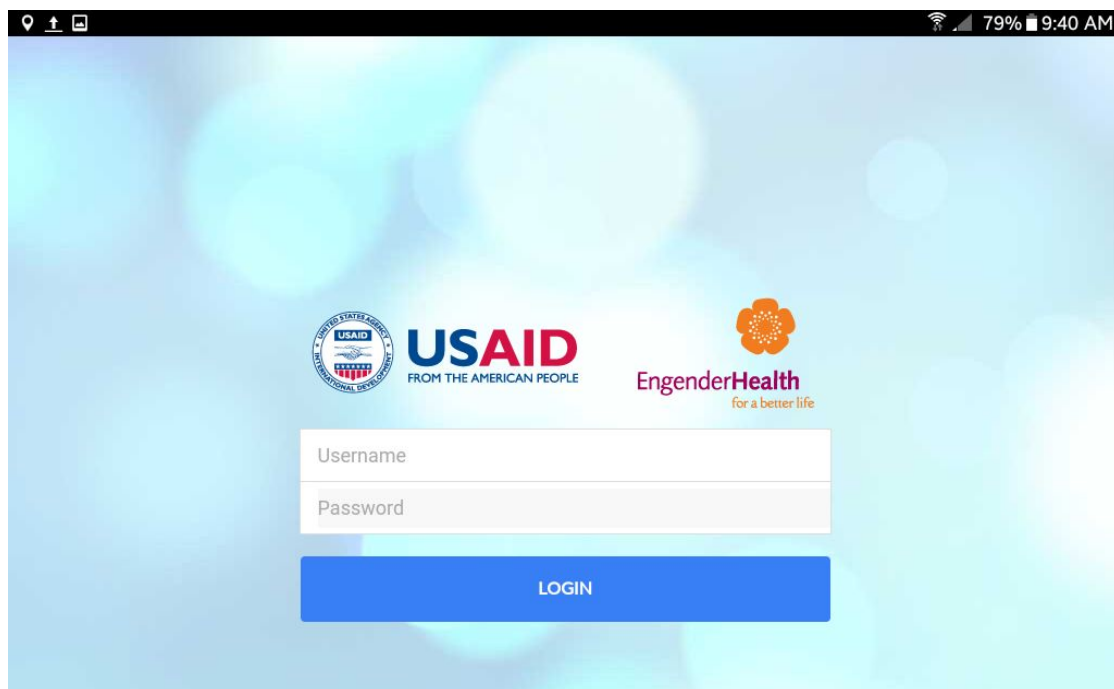

## Install the APK

EngenderHealth App is already installed in your device.

## Login

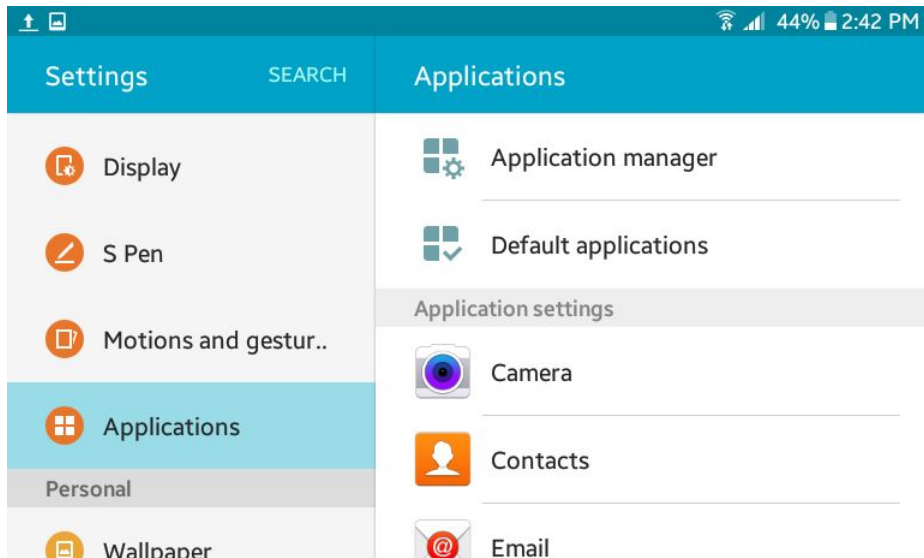

Note: The initial loading of the app may take some time , about 15-20 seconds or during reload because it is downloading data from the server.

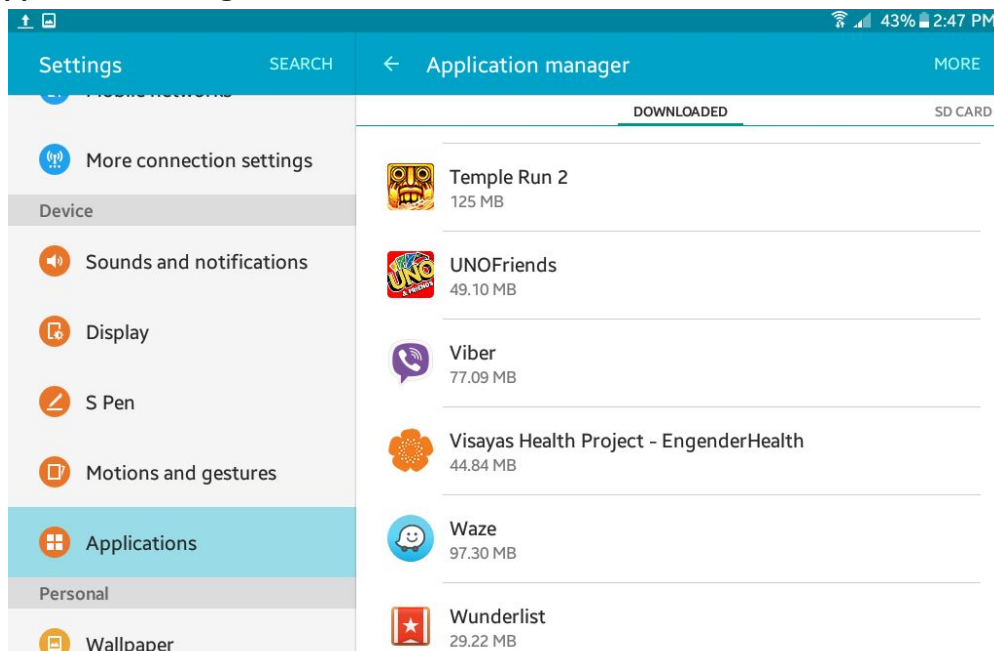

## B. Existing User

For Existing Users - please delete data and uninstall existing application.

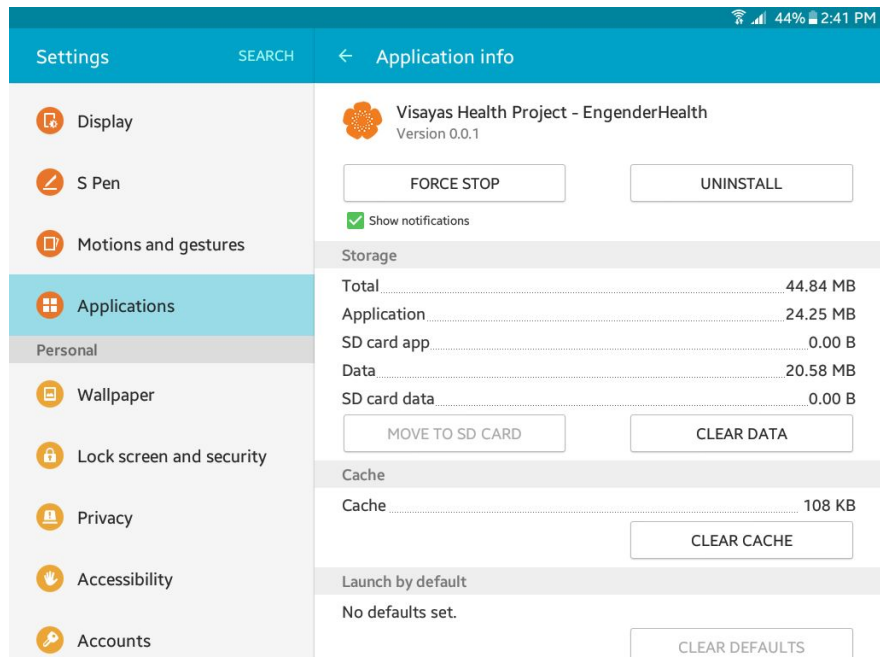

To uninstall existing application, touch **APPS > Settings > Applications > Application Manager**

## Application Manager

Select **VISAYAS HEALTH PROJECT - EngenderHealth Version 0.0.1**

- Touch **CLEAR DATA**
- Touch **UNINSTALL**

--- **INSTALL Fresh APK** (please follow the above instruction.)

NEXT >

**c. PhilHealth Accreditation**

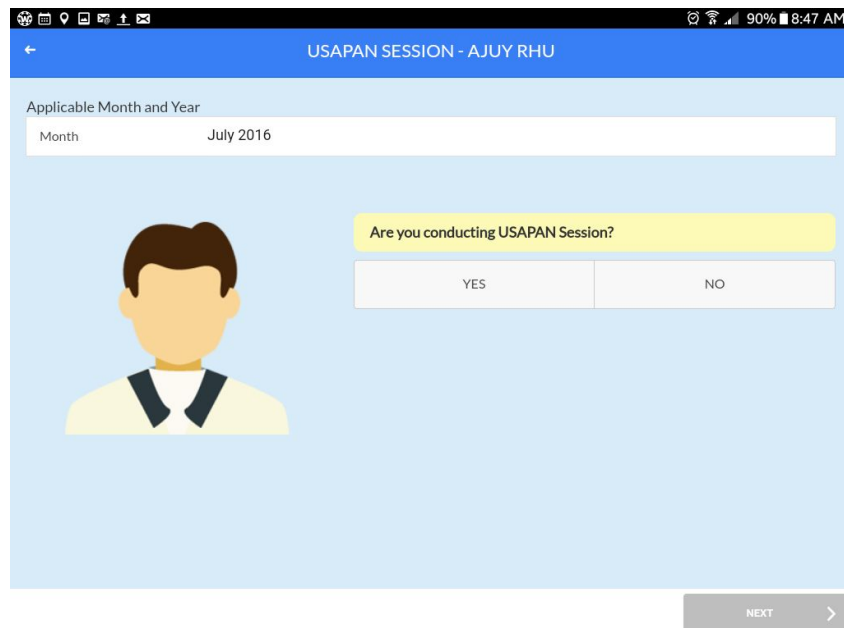

This module will prompt the user for a series of questions that will determine the DOH Certification and PHIC Accreditation status of the facilities

The screenshot shows the 'PHILHEALTH ACCREDITATION - AJUY RHU' screen. At the top, there is a blue header with a back arrow and the title. Below the header, on the left, is a placeholder icon for a person. To the right of the icon, a yellow box contains the question: 'Is the facility licensed by the DOH as a birthing facility?'. Below this question are two white buttons labeled 'YES' and 'NO'. At the bottom right of the screen, there is a grey button labeled 'NEXT' with a right-pointing arrow.

**d. USAPAN Session**

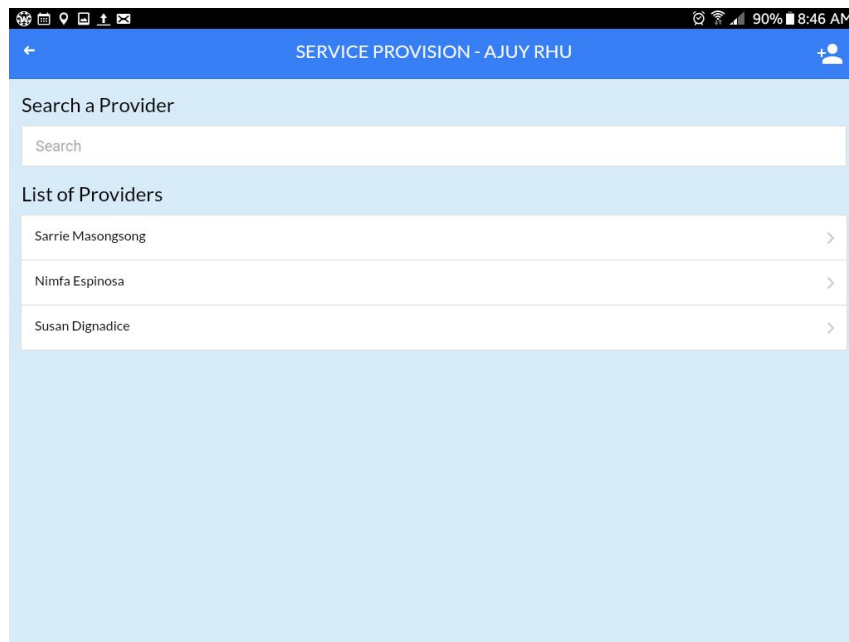

This module will assist the user to monitor the conduct of Usapan Sessions and necessary steps will be provided to the user depending on the findings

The screenshot shows the 'USAPAN SESSION - AJUY RHU' screen. At the top, there is a blue header with a back arrow and the title. Below the header, there is a section titled 'Applicable Month and Year' with a white input field containing 'Month' and 'July 2016'. Below this section, on the left, is a placeholder icon for a person. To the right of the icon, a yellow box contains the question: 'Are you conducting USAPAN Session?'. Below this question are two white buttons labeled 'YES' and 'NO'. At the bottom right of the screen, there is a grey button labeled 'NEXT' with a right-pointing arrow.

### e. Service Provision

This module will assist the user to monitor the status of FP service provision in their areas of responsibility and necessary steps will be provided to the user depending on the findings
